### **Informal Letter**

**Dear Eve**

**You are a friend of Eve's and you have seen a video that's going around that features her and a boy. It's not absolutely clear what's going on but you're pretty sure you know. She hasn't been herself recently, she's been moody and irritable and has been ignoring all her old mates. And you're worried about her. Write a letter to her that sensitively lets her know your fears, lets her know you're concerned about her and, importantly, lets her know she can talk to you.**
